### From the Executive Officer

Bill Schaff, Dwight Gilliland, and I spent the better part of a Sunday afternoon looking for a pond to do some Ice Racing on and we ran across several possibilities. One is on a farm west of Molt, another place was Broadview pond and then we ran across a big area of water standing in a field in the area of the Acton Bar. I had a talk with the people at Montana Fish and Game and they were very nice, but said no to Broadview pond because of concern of the environmental damage.

So as it stands now Bill is checking out the pond on the farm west of Molt and I will check out the pond behind Acton Bar. If anyone knows of any private ponds that we could autocross on please call me, Dave Eberts at 252-4717 or Bill at 259-2071.

Memorably fun holiday party giving christmas new years party is Saturday, January 8, 1994.

### From the Editor

Well, it's holiday time once again. And as usual, I am running around like a chicken on acid with it's head cut off. There are to many things to do and not enough time to do them. And my wife seems to come up with endless lists of stuff to do around the house, this is also known as the Honey Do List that never ends. (Nobody told me that there was this much work involved when you bought a house). Ok, I am done whining now, besides what I just wrote took up space since Dennis didn't feel it was necessary to enlighten us with his sense of humor.

This will be the last of the newsletter for this year, before the We, the O'Briens take it fully in to our hands. The next newsletter will be in February sometime.
