WEB SITE LOOKING GOOD

The web site is up & looking good, check it out at - YellowstoneSCCA.org - . There is still some work that needs to be done, and that will be worked on until it gets done. Rick is going to put race results and pictures up as soon as he gets them and will also add course diagrams. He did some of this on the old site and it was great. Ryan is still designing a forum which we hope to see up and running soon. Any other ideas for the site can be e-mailed to the three web-masters listed under the Board Members to the left of this column. Good job guys!

From your RE

From the RE:

I was thinking of extending my observation of the automobile to insult some additional types, manufacturers or aficionado's inspired subcultures. Then the realizations of my current auto ownership and the pot - kettle - black comparison has caused me to decide to moderate my views and not inflict them on a less than innocent audience.

I was mercifully interrupted while working on my TR 4 by a phone call from an SCCA member in Bismarck looking for a place to race. It seems they have lost their site at the airport and are having a very difficult time finding another. Besides being limited in the number of locations available to them; there are not enough members to afford to rent a suitable location. I sent him a schedule of our events with a description of the various venues.

The previous issue of Fast times had some ideas from Wendy Grillo of SCCA Member Services on getting and keeping members. While the articles was mentioned at the last meeting, give it another look. to successfully pursue this activity we need a growing membership and the increased visibility and connections that will follow. con't on pg 2

MEETING MINUTES

Mark Richien called the meeting to order. Minutes approved as printed in May's newsletter. The treasurer report a balance of \$1929.41 with one outstanding bill for the newsletter.

OLD BUSINESS

Web page not quite up, we won't go thru streetracer.org. We will get an update from Jeff at the next meeting.

Brian Dean has resigned as R.E., Mark Richlen has stepped up as R.E. and John Warg has been appointed by the board as the new Assistant R.E. You can e-mail John at johnwarg@hotmail.com.

Skyview dates have been confirmed and we will give a donation of \$250.00 for the Falcon Finale Non-Alcoholic Graduation Party. We do need a flier to pass out to the neighbors of Skyview and a committee to do so 1-2 weeks before the race. Char will do the flier and John Warg is the chairman of the distribution of the fliers. Please lend a hand when he calls.

We have safety stewards and Dennis is the event chair for Lewistown.

NEW BUSINESS:

Heather White is approaching people at Vo-Tech and will check with K-Mart, the old Gibson's lot and Cenex-Laurel for some new asphalt to race on.

Colstrip is looking good and Powell, sorry to say is out and so far a flat NO at the Metra. Ken Decker is checking the con't on pg 2

MEETING MINUTES CON'T:

Target Center in the Heights.

We need to start thinking of checking out the club trailer and doing some spring cleaning.

The club computer screen is too dark to read and we will need to address this issue.

Getting & keeping new members: Some thoughts were to do a flyer that tells about SCCA, has a schedule, and names & numbers of people to contact. Mark Richlen & Kristi Gilliland will get one made. This can be used to pass out at races, put up at schools and hand out to potential racers.

From the RE

We already know the problems associated with keeping sites.

The other evening I expanded my mental horizons by drinking more than one glass of cheap Merlot and reading the Community Education Summer 2002 curricula. I noticed in and among the classes for computers, crafts, field trips and etc. a section on driving. In this case it was drivers ed and large vehicles backing. Would we, could we put together a class on precision driving including "ground school" and a Solo II? What a great way of getting our name out, advertising a sport and maybe getting a few new members. Can we spell credibility? I checked out the Community Education website; they are asking for new course ideas and teachers. I think we should put together a well thought out course outline and approach the school district about this. A call to SCCA may be in order so we don't run into trouble for "loaning" our insurance; they may have some outline already available. If we can't get this done this year, the winter months offer plenty of time to put something really good together.

There seems to be a lot of enthusiasm for acquiring new sites. I can envision anyone with a large parking lot being inundated with pesky, eager members looking for a place to play. I propose a site acquisition committee be set up to co-ordinate the effort. The exact makeup can be discussed at the next meeting. Article VIII of our bylaws allows for committee formation.

Check out the new website; it is under construction, but if what has been done already is any indication it is going to be good.

See you at the meeting.

YOU MIGHT BE A RACER IF.....

You think the primary reason for wings to to PREVENT flight.

You're happiest with your street car's tires when worn to racing depth.

If something falls off your car, you ponder the weight savings.

Your passengers grumble when you lean into the throttle the curve.

You give tailgaters lessons in how to PROPERLY take an off ramp.

Your first date involved teaching her to work as a spotter.

You've paid \$4 a gallon for gas and not griped about it.

You consider putting living room furniture, a TV, and a fridge in the shop.

You've spent over \$500 to improve your cars performance while your roof still leaks.

You keep broken parts as a memento.

You've discovered that your lawn mower and chain saw run better on racing fuel and you kinda like the aroma.

You regularly test the rev limiter in that straight that's a little too long for 2nd but too short to grab 3rd.

Parts suppliers recognize your voice and greet you by name when you call.

You buy a car trailer before buying new furniture.

You started looking for a new towing vehicle and you still don't have new furniture.

You know the last 4 words to the Star Spangled Banner...
"Gentlemen, start your engines."

The SCCA National Convention
Moves to Kansas City!

May 2002- The national office of the Sports Car Club of America has announced that The Westin Hotel Crown Center in Kansas City, Mo. will host the 59th Annual SCCA National Convention, February 6-8, 2003.

It is no coincidence that this meeting in Kansas City dovetails with SCCA University programs as well as the opportunity for attendees to visit the site of the new national office. According to CEO Steve Johnson, "This convention will highlight a strategic and defining moment in the association's outstanding history."

For more information about the SCCA National Convention, February 6-8, 2003, call the SCCA Customer Service Department at 800-770-2055.

Officers - President Cal Craner 208-529-4999; Vice President Larry Hull 208-522-8439; Treasurer, Dave Krekel 208-524-1012

NEXT MEETING: June 5, 2002 at Melina's in Blackfoot. the meeting starts at 7:30 p.m. The food is good, the company ok and if you want to make a difference in how our club works, this is the place to do it.

The first race went well, starting with a test & tune on the 26th of April, followed by two days of racing. On Friday everyone had as many runs as they wanted, if their tires held up. Ken Hansen from Pokey showed up with his Camero and went REAL fast. Allan Densmore had his Mazda performing rather well... (understatement). Karen & Mike Snarr arrived in the Neon & the family car. Mike took some Neon runs and Karen tried her Dad's 125 shifter kart, which she said was a blast. John Schultz from Boise and Ken Stoltz from Montana also had plenty of seat time.

On Saturday we had 29 drivers, although we were sorry Potter's Mustang bit the bullet early (first run). The bad weather held off so we got 4 runs in the morning for everyone and 4 more in the afternoon plus an hour of fun runs. Allan had top time and Cal had top PAX. The only draw back was the course finish, which had to be too tight because of a big jet and our grid being too close to the finish area. Everyone had a good time anyway! Even the pilots got a few rides as passengers.

On Sunday with a few deletions & additions from yesterday's roll, thirty drivers reported to grid. The course was faster & smoother flowing with no planes in our way (imagine having planes at an airport!). John Schultz took top time and Scott Troyer had top PAX. I would like to thank all of you who stepped up and helped make this a fun event. Cal Craner

The May 11th Hare & Hound was put on hold and may be back on the schedule later this summer if there is enough local interest.

The Pocatello race scheduled for May 18th & 19th was moved to Arco. Looks like the June 8th & 9th race will also be at Arco unless another venue is found. Check out the website or call one of the officers for the site.

July 13th-14th Arco Airport - Wes Stewart 527-4409

SAFETY SAFETY SAFETY

We need Safety Stewards. At this time we have only four available in Billings. Jim Arnett, Dave Eberts, Ken Decker and Kurt Schulz. This is not enough because you usually need two at each event so the stewards can race also - so we will schedule a safety steward school on a up coming Saturday and we expect everyone that is a member in the Billings area to come to the school to be certified. Marty may want to do a school in Bozeman to augment the stewards in that area. If we have a lot of stewards then we won't be caught short like we were last fall. Be ready for your call!!
