Rich mentioned the competition Car Show at the Walmart parking lot on August 6th to support the Billings Motor Sport Complex. As many cars as we can enter will be accepted for the show, working or work in progress. Bill reported on the progress of the plans for the Motor Sport Complex. Bob presented a concept for providing an amount of club funds for development of a large surface of asphalt that the club would have a voice in controlling. Future plans also include looking into the possibility of night autocrossing. As in when the businesses are closed.

Bill moved to adjourn, Rich seconded-passed.

Metra Autocross

When Dave and Bill come back from the Fair Board meeting, the rental fee for the upper lot at Metra sounded ridiculous, \$800.00? Impossible -insane! After a few days of reflection it sounded a little better. Let's see, it costs about this much for Lewistown, takes how long to drive there? Well \$800.00 looks a little smaller.

Well it's a pot of cash, but when shared with thirty one others it is affordable, kinda of anyway. It seems we lost on the event, but the loss was small, rumor has it pegged at \$30.00.

Financial crap aside, it was about the best event we've held in years and one everyone will remember for a long time. With a little coaching from me Rich Hardy laid out a simple fast mirror image course, sort of. Personally I loved the thought of a top of second corner and was all smiles while on course. Come to think of it, I was smiles pretty much all day, competition camaraderie like that are rare.

On the down side, however we did autograph the lot fairly heavily and even (Heaven forbid) streak a few paint stripes. We do need to at least make an effort to clean them up so we can pay too much rent again sometime in the future.

Thanks to all who toted a grunt I appreciated all the help I got. Dennis

Just a Few Notes

We are helping pat Polk and his go-kart friends out at Lamplighter on the 17th & 18th in September, not the 10th & 11th we had previously discussed. Saturday will be practice with Sunday competition. Please be there we do need help and bring your back braces, those bales are heavy.

Regrettably we won't be racing at West Yellowstone this year. It seems that some petty bureaucrat in Helena took exception to us putting cars out on a closed airport. It was a great event too. Rumor has it that the Idaho boys will be racing in Pocatello that weekend. It is just a couple more hours down the road, that could be fun too. Well enough bull\$%* Dennis
